Dear Scott,

In the short time I've known you I have been thoroughly impressed by both your message and the way you deliver it!

As a former District Governor of District 57 Toastmasters you first came to my attention with your award winning speech in our series of International Speech Contests culminating in D-57's Fall District Conference in Emeryville, CA in 1998. Your story there was riveting and quite humorous; of course the audience concurred, their lengthy applause validating your presentation.

It was with great pleasure that I got to both hear you and get to know you further when you joined our Northern California chapter of the National Speakers Association. It was there that I came to appreciate the passion you possess. As speakers go, you really walk the talk, a living endorsement for how goal setting, attitude and a changing of one's thought processes can lead to success. Now that I am on the board for NSA/NC I come in contact with a great many speakers. I've met none with as much passion and desire to share his message with others as you.

Scott, I can truly say that your (70+ lb.) loss has been our gain! I look forward to your further involvement in NSA/NC events. Keep modeling the way as a bright rising star in our ranks.

Cordially Yours,

Craig A. Harrison
